

# Private Lesson Request Form

In addition to our group classes and practice sessions, private lessons are available at Iceoplex from a variety of qualified instructors. Private lessons provide instruction on an individual basis. Skaters of all ages and abilities benefit from private lessons.

All instructors are independent contractors who use the Iceoplex facility to teach private lessons; therefore, they set their own schedules and fees. Their fees are for instruction only and **do not include admission or skate rental**. You may approach an instructor to inquire about private lessons or you may complete this form and return it to the front desk. Place an "X" next to the name of the instructor you would like to request in the chart below. If you prefer you may check "No preference" and the Skating Director will pass your information onto an instructor that will best fit your needs.
